

Duncan Names Mike Flaherty Chief Operating Officer

PRESS RELEASE. For Immediate Distribution

MILWAUKEE, Wis., March 25, 2010 – Duncan Solutions, Inc., a leading provider of parking management products and services, announced that Mike Flaherty has joined the management team as Chief Operating Officer.

“It is with great pride and enthusiasm that I welcome Mike Flaherty to Duncan,” said Mike Nickolaus, President and Chief Executive Officer of Duncan Solutions. “I have known Mike professionally and as a friend for over two decades, and I believe that Mike’s addition to our team further demonstrates our organization’s commitment to market leadership. We were searching for a candidate with deep industry knowledge and a consistent track record of delivering results for clients, shareholders, and staff. When Mike became available he was the obvious choice to complement our management team and help us manage our continued growth.”

Flaherty brings over 25 years of experience in various management and senior management positions. Prior to joining Duncan Solutions, Flaherty served for nearly three years as Vice President and General Manager, State and Local Government for Pitney Bowes where he was responsible for developing the strategic path for integrating the company’s technology, products, and services to address government client needs.

Prior to his tenure with Pitney Bowes, Flaherty played key leadership roles managing technology, public safety, and parking management programs for government and transportation clients for ACS and its predecessor organization Lockheed Martin. In those roles, Flaherty brought operational leadership to ACS’ government IT services and public safety businesses. Specific roles during Flaherty’s career included divisional Chief Operating Officer, Chief Information Officer, and Vice President of Municipal Services.

Formed in 2005, Duncan Solutions is a full service parking management company and a leading provider of parking management products and services to municipal and commercial clients worldwide, including parking meters, enforcement solutions, citation processing, debt collections, and integrated on-street parking management services.
