**Duncan Solutions Secures Kansas City On-Street Meter Operations Management Services Contract**

**MILWAUKEE, Wis. (June 27, 2013)** – [Duncan Solutions, Inc.](http://DuncanSolutions.com), a global leader in on-street parking management and enforcement technology solutions, has been awarded Kansas City’s on-street meter operations management services contract.

As a current partner to Kansas City providing parking meter technology, Duncan is proud to announce a multi-year professional services contract to provide on-street parking management services for the City’s 1,550 parking spaces. Duncan will work closely with the City to attain their goals of enhancing the overall parking system, bolster the program’s operational performance, and support the City’s broader parking objectives to proactively address parking utilization and provide exceptional customer service for the on-street program.

“We are pleased to partner with Duncan Solutions as we continue to improve parking service delivery for visitors and citizens of Kansas City,” said Bruce Campbell, Manager of Parking Services Division for Kansas City. “Duncan’s expertise and technological innovation will help our department address the unique parking challenges within our City in a manner that is efficient and customer-focused.”

Duncan will partner with the City to provide parking industry best practices for the on-street operation throughout the Downtown areas with particular attention focused on newly revitalized areas.
