**Duncan Solutions Announces New VP of Sales**

**MILWAUKEE, Wis. (May 13, 2013)** – [Duncan Solutions, Inc.](http://DuncanSolutions.com), a global leader in on-street parking management and enforcement technology solutions, has announced the hiring of Todd Nevill, who will join the team as vice president of sales for its Duncan Technologies division. Assuming the role, Nevill's addition to the Duncan Solutions' leadership team will place the company in position to continue its growth and expand its offerings to existing and prospective clients.

"Todd Nevill holds a strong track record for his results-oriented approach, leadership, and ability to strengthen companies' effectiveness," Chief Executive Officer Mike Nickolaus said. "We welcome him to the Duncan family and know he will embrace our value and service for clients."

Nevill's extensive experience in sales and business development will embrace Duncan's subject matter expertise in parking and transportation management. In this position, Nevill will lead company-wide efforts to establish strategic direction and achieve business results.

"I am excited to join the Duncan Solutions' team," said Nevill. "I appreciate the value that Duncan brings to its clients and the generations of providing innovative parking solutions with superior customer service."

Nevill brings over 20 years of industry experience to the Duncan team. Before joining Duncan Solutions, Nevill served as the senior vice president of USA Parking, a wholly owned subsidiary of Central Parking System, Inc., providing services to both municipal and commercial clients throughout the U.S. Prior to Central Parking System, Nevill served as regional manager of ABM Parking Services, formerly AMPCO System Parking. He has also held several leadership positions at Turner Parking Systems, Central Parking Systems, Inc., and Diversified Parking Systems.

Nevill earned a bachelor's of science in international trade from Texas Tech University.

Duncan Solutions, Inc., is a full-service parking management company and a leading provider of parking management products and services to municipal and commercial clients worldwide, including parking meters, enforcement solutions, citation processing, debt collections, and integrated on-street parking management services. Since 1936, the company has been in the business of providing parking solutions for more than 2,000 clients.
